Based in Franklin, Tennessee - a stones throw from Nashville, Cicayda was founded in 2012 by a team of legal experts to provide leading edge Cloud-based eDiscovery and legal hold technology solutions supporting the global needs of law firms and corporations. Using SaaS-based subscription models, we couple our powerful legal software with legal experts to provide 24/7 service, strategy, analytics and support. Our products and services are proven to save firms and corporate law teams time and money with fast, accurate, highly scalable solutions.
